## **WILLOWS HIGH SCHOOL PHILOSOPHY AND GOALS FOR INTERSCHOLASTIC ATHLETICS**

Willows High School is committed to maintaining a quality program of interscholastic athletics for the young men and women attending Willows High School. The district recognizes that participation in athletic programs is a valuable part of a student's education and personal development.

A quality interscholastic athletic program should provide a variety of opportunities in which students:

- A) Develop favorable habits and attitudes of social conduct.
- B) Develop fundamental conditioning and athletic skills.
- C) Learn self-discipline and making a commitment.
- D) Develop the value of good sportsmanship.
- E) Learn the dynamics of teamwork and what can be achieved when the team concept is embraced.

Learning to function in a competitive atmosphere such as athletics, is an important aspect of a young person's life. It is the school's responsibility to provide an athletic environment where participants are given the opportunity to compete. The enjoyment of winning and the disappointment of losing occurs in a manner that builds personal character and stresses good sportsmanship. While every effort will be made to award ample game playing time to each member on the team, it must be understood by all, athletes, parents, coaches and community, that playing time is earned. The athlete earns playing time through commitment at practice, attitude, physical conditioning, skill level and willingness to improve.

**Varsity Level:** Always play your best, which should include winning. To win league, make playoffs, compete for section title and move on to state playoffs and be competitive there. This means putting our strongest team in the game.

**Junior Varsity Level:** Prepare the student-athlete for varsity competition. Stress fundamentals! Along the way, win as many contests as possible. Playing time will not necessarily be divided equally, but every attempt will be made for students to have a place to play. This does not insure every player will play in every game.

Remember there are many factors involved in playing time; effort at practice and in the game, attitude towards teammates and coaches, absences and tardies, as well as academic performance.

The cornerstone of a successful interscholastic athletic program lies in the dedication and hard work of our athletic staff and by the positive support they receive from the parents and community. Our schools have been fortunate to have high caliber individuals working with our athletes and we will defend their right to be treated with respect and dignity.

Willows High School will also make every effort to insure that its athletes are not discriminated against in terms of socio-economic status, sex, racial or ethnic origin.

## WILLOWS UNIFIED SCHOOL DISTRICT

### ELIGIBILITY FOR ATHLETICS

It is the intention of the Board of Trustees that students be encouraged to participate in the athletic program of the high school. It is the feeling of the Board that participation in the athletic program provides an excellent opportunity for leadership, physical fitness and teamwork. However, it is also the conviction of the Board that the primary responsibility of secondary school students is to achieve in the academic program as prescribed in the district course of study. The Board hereby established the following regulations pertaining to eligibility to participate in the athletic program:

1. A student must demonstrate good citizenship and responsibility. A student suspended from school may not participate in any athletic activity nor school sponsored event during the time of suspension. Continued inappropriate behavior will result in athlete being removed from a team.
2. A student must be passing a minimum of 20 credits and maintain a "C" average (2.0) in subjects, and maintain minimum progress toward meeting the high school graduation requirements prescribed by the governing board. A student will be allowed only one "F" per grading period and must meet the minimum requirement. Eligibility will be determined by 1st quarter, 1st semester, 3rd quarter and 2nd semester grades. Grades received in June will affect eligibility for the following August. Summer school grades will be allowed to secure eligibility for fall sports. Students must meet all C.I.F. guidelines.
3. Once a student is declared ineligible by reason of obtaining less than a 2.0 grade point average, the student remains ineligible until the next grading period. In the event that a student wishes to seek an exemption from this policy due to special circumstances, a petition may be made by the student's parents to request an exception, for a maximum of one nine week grading period. Waivers are not automatically granted. Only one exemption will be allowed for the entire four years of athletic eligibility. This waiver must be signed by the parent and athlete and on file in the office. The waiver can be canceled within the first ten (10) days of signing the waiver. The waiver clears the athlete for the remainder of that grading period (quarter).
4. A grade(s) of "incomplete" shall not be considered a passing grade unless, by operation of a school grading policy, said "incomplete" grade shall become a passing letter (or numeric) grade without further achievement or accomplishment by a student, at a certain time. When an "incomplete" grade is issued which does not automatically become a passing grade, as indicated immediately above, such "incomplete" grade shall not satisfy the requirement of the bylaw until the academic deficiency which gave rise to such "incomplete" grade shall have been satisfied and a passing grade has been substituted for the "incomplete" grade. Upon such substitutions, the substituted grade shall be considered in determining scholastic eligibility as established by evaluation of previous grading period grades and the substituted grade. A scholastically ineligible student may become immediately eligible upon such evaluation.
5. All of the other rules and regulations prescribed in the California Interscholastic Federation, its conferences and leagues and the rules set down in the Willows Unified School District Interscholastic Rules and Regulations (96-97) are likewise a part of this policy.

## **WILLOWS HIGH SCHOOL ATHLETIC CODE**

### **GOAL**

Athletics means more than competition between individuals or between teams representing different schools. It is a means of learning a way of life truly respected in professions, businesses, and in all other occupations. It teaches us understanding and appreciation for teamwork. It teaches us that to quit means to fail and that to break training not only means unhealthy living, but also jeopardizes the morale and effort of the team. Athletics exemplifies the philosophy that hard work, drive and determination bring eventual success.

### **GOAL OF A SUCCESSFUL ATHLETE**

The conduct of an athlete is closely observed, and is important that his/her behavior be above reproach. A good athlete is a leader and therefore, has certain obligations and responsibilities.

- I. Physical condition - a good athlete:
  - A. abides by all the training regulations set up by his/her coach;
  - B. has a sound diet and gets sufficient amount of sleep;
  - C. never uses alcohol, tobacco, or illegal drugs, convinced that they are harmful to good physical conditioning, his/her team's chances of victory, team morale, and that they can bring disastrous results to team spirit and effort;
  - D. if injured, reports injury to coach, then remains on the team roster and continues to abide by all the regulations of this code. Physical limitations permitting, he/she continues to participate in team activities unless he/she has received permission from the coach to do otherwise.
  
- II. On the field - a good athlete:
  - A. is in complete command of himself/herself at all times;
  - B. is respectful of all officials;
  - C. is modest in victory and gracious in defeat;
  - D. is in control of his/her temper at all times;
  - E. exercises good sportsmanship; is always aware of his/her responsibilities to himself/herself, his/her teams, and his/her school;
  - F. assumes the responsibility of keeping the school equipment issued to him/her in the best of condition. Any loss or damage, as a result of negligence, becomes the obligation of the athlete, and he/she will not be allowed to participate in any other sport until the matter is settled;
  - G. never engages in rough-housing, wrestling or shoving, snapping or throwing of towels or equipment in the locker room or showers;
  - H. shows respect for competitors, their school, and their facility.
  
- III. In the community and on trips - a good athlete:
  - A. conducts himself/herself as a worthy representative of his/her family, community, school and team;
  - B. dresses in accordance with school/athletic code;
  - C. travels with his/her team both to and from all contests, except when prior written permission from his/her parents and signed by a school administrator permits him/her to do otherwise;

IV. At school - a good athlete:

- A. meets the citizenship standards of his/her school in regular attendance, conduct, and personal appearance, realizing that athletics is only a part of his his/her being in school;
- B. shows respect for his/her teachers and fellow students;
- C. does all that he/she can do to promote a feeling of pride in his/her school.
- D. knows that hazing of students, fights or any form of rough-housing does not promote proper school spirit;
- E. never uses profanity or vulgarity;
- F. never cuts practice or puts himself/herself above the welfare of his/her school.

## GUIDELINES

5. Physical examination must be completed and on file in the school office. Valid physicals have to be dated after conclusion of previous school year.
6. Drug test form signed by parent and students and on file in the school office.
7. Until a student has shown evidence of a physical examination, signed parent permission form, "adequate" insurance coverage for the current school year, drug test form signed, he/she will not be issued a uniform or allowed to practice.

## **ELIGIBILITY REQUIREMENTS IN ADDITION TO THOSE OF C.I.F.**

Athletes are representatives of the school and the community, and, as such, they are expected to act in accordance with all laws and school regulations. The coaching staff and administration of Willows High School believe that competition in school athletes is both a privilege and a part of the high school curriculum. With this privilege goes the responsibility of the athlete to conform to reasonable standards of conduct, training, and grooming that bring credit to the school. In view of this fact, the following citizenship and dress regulations have been adopted.

1. Any athlete who is proven guilty of using or possession of narcotics, alcohol, using tobacco in any form, or theft shall be suspended from all athletic participation or practice.
2. Athletic Appeal Board - At the end of a minimum four-week period, a student who has been suspended from athletics at Willows High School may file an appeal to the Willows Athletic Board for reinstatement to the athletic program of Willows High School. (The Board will consist of three head coaches from Willows High School, and two team members, chosen by team vote, of the team from which the boy/girl has been suspended).
3. Students may not practice or in any way participate in a sport while under suspension for any reason.
4. Students who are awaiting eligibility verification because of custodial questions, residential problems, etc., will not be allowed to participate in any practice or competition without administrative approval.

## **AFTER SCHOOL TUTORIAL AND THE STUDENT-ATHLETE**

If a student-athlete receives an "F" grade on any progress report and/or quarter during the season, he/she is ineligible to play for two weeks.

Student-Athletes can become eligible again IF:

- Two of the three offered After School Tutorial Program Sessions are attended in their entirety from 3:00-4:30 pm (Offered Mondays, Tuesdays, Thursdays)
- AND**
- The received "F" grade is no longer an "F" on the Student-Athlete Progress Report Form turned in to the office on Friday afternoon

Failure to attend at least two days of After School Tutorial, even if the grade is raised, will result in continued ineligibility for the student-athlete.

## **STARTING AND PRACTICE SESSIONS**

Practice sessions may be held or started at the end of the previous sport, except in the case of football/volleyball, which is governed by League and C.I.F. rules.

Practice sessions will be supervised by the coach. Workouts held without coach's knowledge or without his/her supervision are forbidden.

## **EQUIPMENT**

Equipment must be accounted for, except for consumable items. Equipment must be returned by the student not more than five (5) school days after the close of the season. If it is not returned at the end of five days, the student is to be billed for the equipment by the school and a copy of the billing forwarded to the Athletic Director and the student will be declared ineligible until equipment is paid for or returned

The athlete will be ineligible for participation in any interscholastic activity until the equipment is accounted for and/or paid for. He/she will not be allowed to practice and compete in any contest during ineligibility.

**GENERAL GUIDELINES**

1. **CHANGING SPORTS:** A player may change from one sport to another if he has permission from both coaches involved. It is the athlete’s responsibility to contact both coaches before practicing for the new sport. Players dropping a sport without coach’s permission are required to wait until the season of the sport he drops or quits is completed prior to practicing for a new sport in the next sport season. Students quitting a sport after 10 days without coach’s permission, will not be eligible to participate in 1/3 of the next sport.

2. **TRIAL PARTICIPATION IN A SPORT:** A student shall be given a trial period consisting of 10 practice sessions to determine if he/she wishes to remain out for that sport. This trial period begins the first day of organized practice whether or not the specific athlete is in attendance.

3. **DUAL SPORTS:** An athlete participating in two sports needs permission from both coaches.

4. **TRANSPORTATION:**

A) Cost-Deferral Fee: Student-athletes at Willows High School are asked to pay a cost-deferred donation for each season of participation. The donation is \$35.00 per season. The donation should be paid according to the same deadlines as proof of an athletic physical and insurance. Families with two or more students participating during the same sport season, will only be charged \$30.00 per athlete. Statisticians, scorekeepers, managers, pep squad, etc. are not charged the cost-deferral.

B) All students will travel to away games/matches by school van, bus or under adult supervision cleared with the Athletic Director or Principal in advance. Any students who violate this rule will not be allowed to participate in that game/match. A student may be released from traveling in school provided transportation with coach's approval and PRIOR written administrative and parent permission. The coach will only release students to ride home with their own parents. If a special situation arises, the coach, in conjunction with the Administration's approval, may make special arrangements.

**GUIDELINES:**

- a. Students should be released to parent via signed note and visual contact.
- b. Coach should visually verify that the student is indeed released to parent.
- c. Special situations should have the coach and administrator's approval PRIOR to releasing any student from school provided transportation to private transportation.

5. **INJURIES:** If a player is injured, he/she must still be in attendance for practices, and contests as a member of the team. If a parent requests the player to not participate in practice/contests, then that student will not participate until the original request is rescinded by the parent/physician in writing. Any player who has an injury that will permit no further participation during that sport season, will be considered on leave from the sport with no penalty and the player will be given his/her award, at the coach's discretion.

\*Please report ALL injuries to the coach so that proper medical treatment can be rendered.

6. **ATTENDANCE:** All students participating in scheduled school activities necessitating missing a regular class, will be given equal amount of time to make up their work. Athletes are required to meet with their teachers and get assignments prior to missing a class.

7. **RESTRICTED AREAS AT OTHER SCHOOLS:** When we are visiting another school, all players and personnel are restricted to the facilities. NO ONE will leave the area unless they have checked in with their coach for permission. Violation of this rule can lead to possible suspension and/or being dropped from the traveling team.

8. **DISCIPLINARY CONSEQUENCES:** Any student who elects to participate in athletics and fails to follow the Athletic Guidelines in any way or at any time will experience disciplinary consequences.

Some of the major consequences are listed below:

### Concussion Information Sheet

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

## Concussion Information Sheet

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athlete will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete's safety.

### **If you think your child has suffered a concussion**

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. The new CIF Bylaw 313 now requires implementation of long and well-established return to play concussion guidelines that have been recommended for several years:-

“A student-athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from competition at that time and for the remainder of the day.”

**and**

“A student-athlete who has been removed may not return to play until the athlete is evaluated by a licensed health care provider trained in the evaluation and management of concussion and received written clearance to return to play from that health care provider”.

You should also inform your child's coach if you think that your child may have a concussion Remember it's better to miss one game than miss the whole season. And when in doubt, the athlete sits out.

# STUDENT-ATHLETE SOCIAL MEDIA AGREEMENT

Social media can be a useful tool to communicate with teammates, fans, friends, coaches and more. Social media can also be dangerous if you are not careful. Every picture, link, quote, tweet, status, or post that you or your friends put online is forever part of your digital footprint. You never know when that will come back to hurt or help your reputation during the recruiting process, a new job, or other important areas of your life.

Recognizing the above:

- \_\_\_\_\_ I take responsibility for my online profile, including my posts and any photos, videos or other recordings posted by others in which I appear.
- \_\_\_\_\_ I will not degrade my opponents before, during, or after games.
- \_\_\_\_\_ I will post only positive things about my teammates, coaches, opponents and officials.
- \_\_\_\_\_ I will use social media to purposefully promote abilities, team, community, and social values.
- \_\_\_\_\_ I will consider “Is this the me I want to see?” before I post anything online.
- \_\_\_\_\_ I will ignore any negative comments about me and will not retaliate.
- \_\_\_\_\_ If I see a teammate post something potentially negative online, I will have a conversation with that teammate. If I do not feel comfortable doing so, I will talk to the team captain, or a coach.
- \_\_\_\_\_ I am aware that I represent my sport(s), school, team, family and community at all Times, and will do so in a positive manner.

(cf. 3580 - District Records)

## Concussions and Head Injuries

The Superintendent or designee shall annually distribute to student athletes and their parents/guardians an information sheet on concussions and head injuries. If a student exhibits any other symptoms of sudden cardiac arrest, including seizures during exercise, unexplained shortness of breath, chest pains, dizziness, racing heart rate, or extreme fatigue, the student may be removed from participation by a coach or other employee who observes these symptoms. If any such symptoms are observed, notification shall be given to the student's parent/guardian so that the parent/guardian can determine the treatment, if any, the student should seek. A student who has been removed from participation shall not be permitted to return until the student is evaluated and given written clearance to return to participation by a health care provider. (Education Code 33479.2, 33479.5)
